Monthly Animal Bite and Exposure Report ‡

Jurisdiction Where Bites/Exposures Occurred: Allegany County

Month January Year 2014

Species	Number of Bites*	Number of Non-bite Exposures**
Dog	9	
Cat	7	3
Ferret		
Bat		
Raccoon		
Fox		
Skunk		
Groundhog		
Squirrel		

Species	Number of Bites*	Number of Non-bite Exposures **
Rabbit		
Mouse		
Hamster		
Gerbil		
Rat		
Guinea Pig		
Coyote		
Vole		
Monkey		

Total Number of Bites: 16 **Total Number of Non-bite Exposures:** 3

Person Reporting: Belinda Blubaugh **Date of Report:** 2/7/14

Person Reporting Phone Number: (301) 759-5038 **Email:** belinda.blubaugh@maryland.gov

Comments (please describe unusual circumstances, such as hospitalizations):

‡ Only bites and exposures to *humans* should be reported on this form.

* A bite is any penetration of the skin by teeth

** Non-bite exposures include scratches, abrasions, open wounds, or mucous membranes contaminated with saliva or other potentially infectious material, such as brain tissue. For bats, non-bite exposures also include situations where there is reasonable probability that an exposure may have occurred (e.g., a sleeping individual awakes to find a bat in the room, an adult witnesses a bat in the room with a previously unattended child, mentally disabled person, or intoxicated individual).

Animal bites and exposures should be reported by the:

1. Month the bite/exposure was *reported* to the local health department.
2. Jurisdiction where the bite/exposure *occurred*.

Please return this form by the tenth of each month to the Center for Veterinary Public Health. The form can be faxed to 410-383-2420 or e-mail cvph@dhmh.state.md.us. Questions? Call 410-767-5649.
