Equines

Region	Date of Onset	Virus	Total
Charles County	8/17/2015	WNV	1
Prince George's County	8/29/2015	WNV	1
Total			2

Birds

Jurisdiction	Species	Virus	Total
Prince George's County‡	Ducks	WNV	3
Washington County	American crow	WNV	1

‡The ducks were part of a captive population at a wildlife health center and were tested out of state. The crow was collected from a national park and was also tested at an out of state lab.

Dead bird surveillance at DHMH was discontinued in 2003. The agency continues to receive reports of Maryland birds that tested positive for WNV at other laboratories.
