

# REQUESTING YOUR INPUT!

Are you interested in **impacting the direction of cancer control in Maryland?**

***This is your chance!***

The Maryland Department of Health and Mental Hygiene is currently updating the

## **2015-2020 MARYLAND COMPREHENSIVE CANCER CONTROL PLAN**

We are inviting cancer control partners throughout the state to provide feedback on the updated Cancer Plan, including the goals, objectives, and strategies.

If you have expertise or interest in an area of cancer control, please consider attending one or more of the three planned feedback sessions, where the updated Cancer Plan sections will be presented for partner input.

***Be sure to save the date(s)!***

Additional details will be sent in the near future.
