

Maryland's 31st Annual Reproductive Health Update

About the Event:

Our understanding about and approach to reproductive health is rapidly growing and changing as advances in the health field bring forth new information, techniques and technology .

Now in its thirty first year, the Reproductive Health Update provides a comprehensive review of selected family planning knowledge, skills, and current issues for reproductive health care providers in Maryland and from around the region who offer low-cost, high-quality reproductive health services to women and men in need.

Topics are identified to meet continuing educational needs of reproductive health professionals regardless of their discipline or practice setting.
