

Participate in Annual Maryland Driver Survey

The Maryland Motor Vehicle Administration (MVA) is interested in what is happening on the highways from the driver's perspective. Annually, the MVA conducts a survey of drivers within the state. This survey seeks to gain information regarding drivers' knowledge, attitudes, and behaviors as it relates to highway safety practices. Additionally, the feedback will help to shape highway safety programs within the state. Please take a few minutes to complete the survey and remember, your feedback is very important.
