

Maryland Loan Assistance Repayment Program

Loan repayment assistance is one of several incentives provided in the state's Health Enterprise Zone Initiative to help attract new practitioners to underserved areas. Championed by Lt. Governor Brown, Health Enterprise Zones provide access to a range of incentives, benefits, and resources to address unacceptable and persistent health disparities.

What is the Maryland Loan Assistance Repayment Program (MLARP)?

MLARP offers primary care physicians and physician assistants an opportunity to practice their profession in a community that lacks adequate health care services while also receiving funds to pay their educational loans. An eligible practice site is a clinic that is **public or non-profit (501C3)**, that treats all persons regardless of ability to pay, and that is located in a geographic area of the State that has been federally designated.
